ATLANTA CHALLENGE

CLIENT FEEDBACK

21 years • Over 3,200 groups • 65,000+ satisfied participants

"Thank you. It was a fantastic event. Shawn delivered more than what's expected. He is a gem. My team absolutely enjoyed completing tasks and in so doing strengthening their bond. I highly recommend it."
- LexisNexis Risk Solutions

"The team has raved about the event. It has definitely been a positive experience for us to draw upon. It was especially nice to have two culturally diverse groups partake in the experience!"
- GE

"The feedback has all been positive. We've not done anything like this in the past and the team felt it was a good way to get some ideas for how to move past some of the issues impacting our effectiveness. It gives us a reference point to refer to and begin dialogue. Thanks again for the extra efforts you put forth to have the additional impact."
- Home Depot

"Our team decided to book Atlanta Challenge for our team development day. Everything was very well organized, the team took care of all the details ahead of time and were very easy to work with. Everyone in our team had a great time working together and doing the various activities. Would highly recommend for other teams trying to plan a unique team outing that brings coworkers together for a fun and thoughtful activity."
- Delta Airlines

"Thank you for everything you did to make our day a success. Your time, energy and support were outstanding. It was by far one of our best outings ever!"
- Cintas Corp.

"We had Atlanta Challenge come in to lead an event for our group, and it was great! Everyone had a great time, and it was awesome to just be able to hand everything off to them. They did a really great job of making sure everyone was having a good time."
- Chick-Fil-A

"Thank you for your support at our leadership conference. Feedback from the participants was extremely positive and all enjoyed the activity. We appreciate you and the entire Atlanta Challenge team for your support and enthusiasm."
- Mercedes Benz US

"From all of us at Georgia Pacific we would like to say THANK YOU!!! You did a wonderful job of helping us break down barriers, work together and have FUN! Thank you very much for putting this together and pulling it off flawlessly."
- Georgia Pacific

"The team building was great! We got a lot of positive feedback from our team members. Those who didn't think they would like this ended up loving it."
- Zaxbys HQ

TEAM DEVELOPMENT WORKSHOPS

Think Like A Team

Gain valuable insights into thinking & decision-making styles, and how to appreciate and utilize other people's styles through a combination of cutting-edge tools, interactive learning, and hands-on challenges. Participants learn more about their personal strengths, and improve their ability to communicate, brainstorm and solve problems as a team. An engaging communication skills training, problem solving workshop, or diversity appreciation session.

Team Accountability

Our workshop is packed with interactive exercises and discussions that will help participants to set clear expectations, give constructive feedback, and hold each other accountable in a supportive way. Participants will master the tools they need to improve communication and work relationships, drive better performance, and ultimately achieve greater success as a team.

Team Resilience

Everyone wants to be happier and more productive, but pushing ourselves harder only works for so long. Eventually, it backfires, leaving us feeling worse than before. In this enlightening workshop, participants learn the fundamentals for building a more positive brain.

Team Communication

Your team members step into each others' shoes and create a sense of empathy and understanding for each other, all while having a great time engaging in unique, challenging, and thought-provoking activities. These insights are taken back to the workplace to improve communication, morale, and respect for each other.

Team R.E.S.P.E.C.T.

This program focuses on the team's emotional intelligence and how to ensure the team dynamic is positive. Through a series of hands-on projects, candid conversations, and interesting content, your team will improve conflict resolution skills, build stronger relationships, and trust each other more. These trust-building activities help create an environment where everyone commits to helping each other succeed and moving the team forward.

LEADERSHIP DEVELOPMENT WORKSHOPS

Think Like A Leader

Gain valuable insights into thinking & decision-making styles, and how to appreciate and utilize other people's styles through a combination of cutting-edge tools, interactive learning, and hands-on challenges. Participants learn more about their personal strengths, and improve their ability to communicate, brainstorm and solve problems as a team. An engaging communication skills training, problem solving workshop, or diversity appreciation session.

Leading Change

Even in the best of times, change is difficult. When new initiatives are proposed, leaders often struggle with resistance (and sometimes outright sabotage). But if the proper steps are taken, and the right mindset is established, change can be much smoother and more successful. In this very practical workshop, leaders learn and practice the essential steps for creating the right environment for creating and sustaining that change.

The Situational Leader

There is no "best" style of leadership. To effectively lead a team, leaders must be able to identify the current situation, know what the team needs at that moment, and adapt their style accordingly. This situational approach allows for more successful interactions and faster team development. This informative and hands-on workshop provides leaders with the insights and measurement tools they need to identify, adapt, and deliver leadership that is on target.

Engaging Employees

It is up to leaders to create an environment where employees can thrive. To do that, leaders must have an individualized plan for each of their people. In this course, leaders will assess their team's current level of employee engagement, evaluate their current approach, create action plans for improving engagement, and implement an ongoing accountability system to ensure measurable progress.

Time & Priority Management

Time is the most precious asset anyone has. When executives, managers, and emerging leaders don't have enough time to do everything they want or need to do, they can feel overwhelmed, causing top priorities to get lost in the chaos. This workshop helps leaders regain control and spend their time more productively and strategically. This simple but effective approach helps leaders identify what's most important in their role, what is getting in the way, and develop a targeted action plan for being more effective.

TEAM BUILDING ACTIVITIES

Teamwork Quest

This is the perfect program for groups that want to fine-tune their teamwork skills and help the group bond as a team. We begin with the *Teamwork Compass*[®], a powerful tool that helps participants understand the four foundational elements of a successful team. Participants work through a series of hands-on teamwork activities that help them see how effectively a team can operate when using these key attributes.

Driven To Succeed

In this fun, hands-on teamwork activity, teams design and build a vehicle from an assortment of materials. They must meet certain design parameters while staying within their budget. Then their vehicle will compete against other teams to try and outperform them and earn the biggest bonus. But the client has some needs that will not be met if teams stay in their organizational silos. Team take-aways focus on how to solve problems in a group, and work collaboratively.

Furious Birds

In Furious Birds, teams demonstrate their creativity, tenacity and flexibility as they use an assortment of materials to design and assemble an awe-inspiring and effective catapult. Then they face off against another team and attempt to demolish the competition's fortress by feverishly launching their birds at the defenders. The teamwork activities in this event have many powerful lessons, wrapped in an incredibly fun and high energy format.

Taking Flight

Being a leader makes making tough decisions and implementing quickly. In this tech-based challenge, groups of leaders will receive an important RFP and must decide how to maximize profit while pursuing the best course of action, staying under budget, rallying their team, and beating the competition. But who is the real competition? Valuable lessons and conversations around collaboration, goal-setting, and focusing on the customer.

Teamwork Trek

Teamwork Trek takes your group on an insightful and interactive hike with thoughtful team challenges and conversations along the way. We begin with the *Teamwork Compass*[®] - a powerful tool that helps participants understand the four foundational elements of a successful team. The team reflects back on this model as they discuss with a teammate their observations about the team as they make their way through each challenge.

JUST FOR FUN EVENTS

Game Show

This lively team building game show competition gets groups thinking and laughing together. Working in table-teams of 6-10 people, teams try to earn the highest score by correctly answering a wide range of trivia questions, competing in special challenges, and solving brainteasers. We make the program challenging, but keep it light enough that everyone can relax, get involved, and have a good time. Lots of fun for a corporate party or conference activity.

Portable Escape Room

Our Portable Escape Room gives teams a chance to work together, have fun, get to know each other, and enjoy a fun competition. To ensure that everyone stays involved and finishes at the same time, the winner is the team that escapes with the most points. They will need to solve physical, paper-based, and virtual clues, decode puzzles, and complete hands-on challenges to open locks, find on-line files, and access secure areas.

Hotel Hunt

This scavenger hunt event is an ideal break-out activity to get your group mingling at your venue. Teams will be sent on a mission to unlock tasks and challenges using image recognition software on their tablet. Teams will answer questions, finish tasks and complete photo and video challenges throughout your venue. Client-themed challenges and trivia can also be included to make this an impactful conference activity as well as a fun hotel scavenger hunt.

Team Networking

Participants work through a series of challenges to earn points individually, based on how well their team does. Between each challenge, everyone is moved to a new team, so in order to succeed individually participants need to do their best with each new group. Participants get to work with a wide variety of people, reinforcing the skills it takes to hit the ground running with a new work group. A great business networking game for large groups.

Amazing Worldwide Race

Teams solve clues that take them to exotic locations all around the world in this amazing race team building. Once they reach these locations, they will tackle a fun, location-themed challenge as quickly as they can before moving on to their next mission. Unlike many amazing race activities, we've designed the event so the winner is the team that finishes with the most points, which keeps everyone engaged right up to the exciting end.

DINNER TIME TEAM BUILDING

A Tasting Race

In this amazing race corporate event, teams solve clues to reach “countries” where everyone then makes a food, dessert item, or beverage from that country. Various country-themed trivia and photo challenges are also mixed in throughout the event to augment the international fun of this event. If your team has done the typical cocktail reception too many times, this may be the perfect mixer at the end of a long day of meetings.

Hotel Pub Crawl

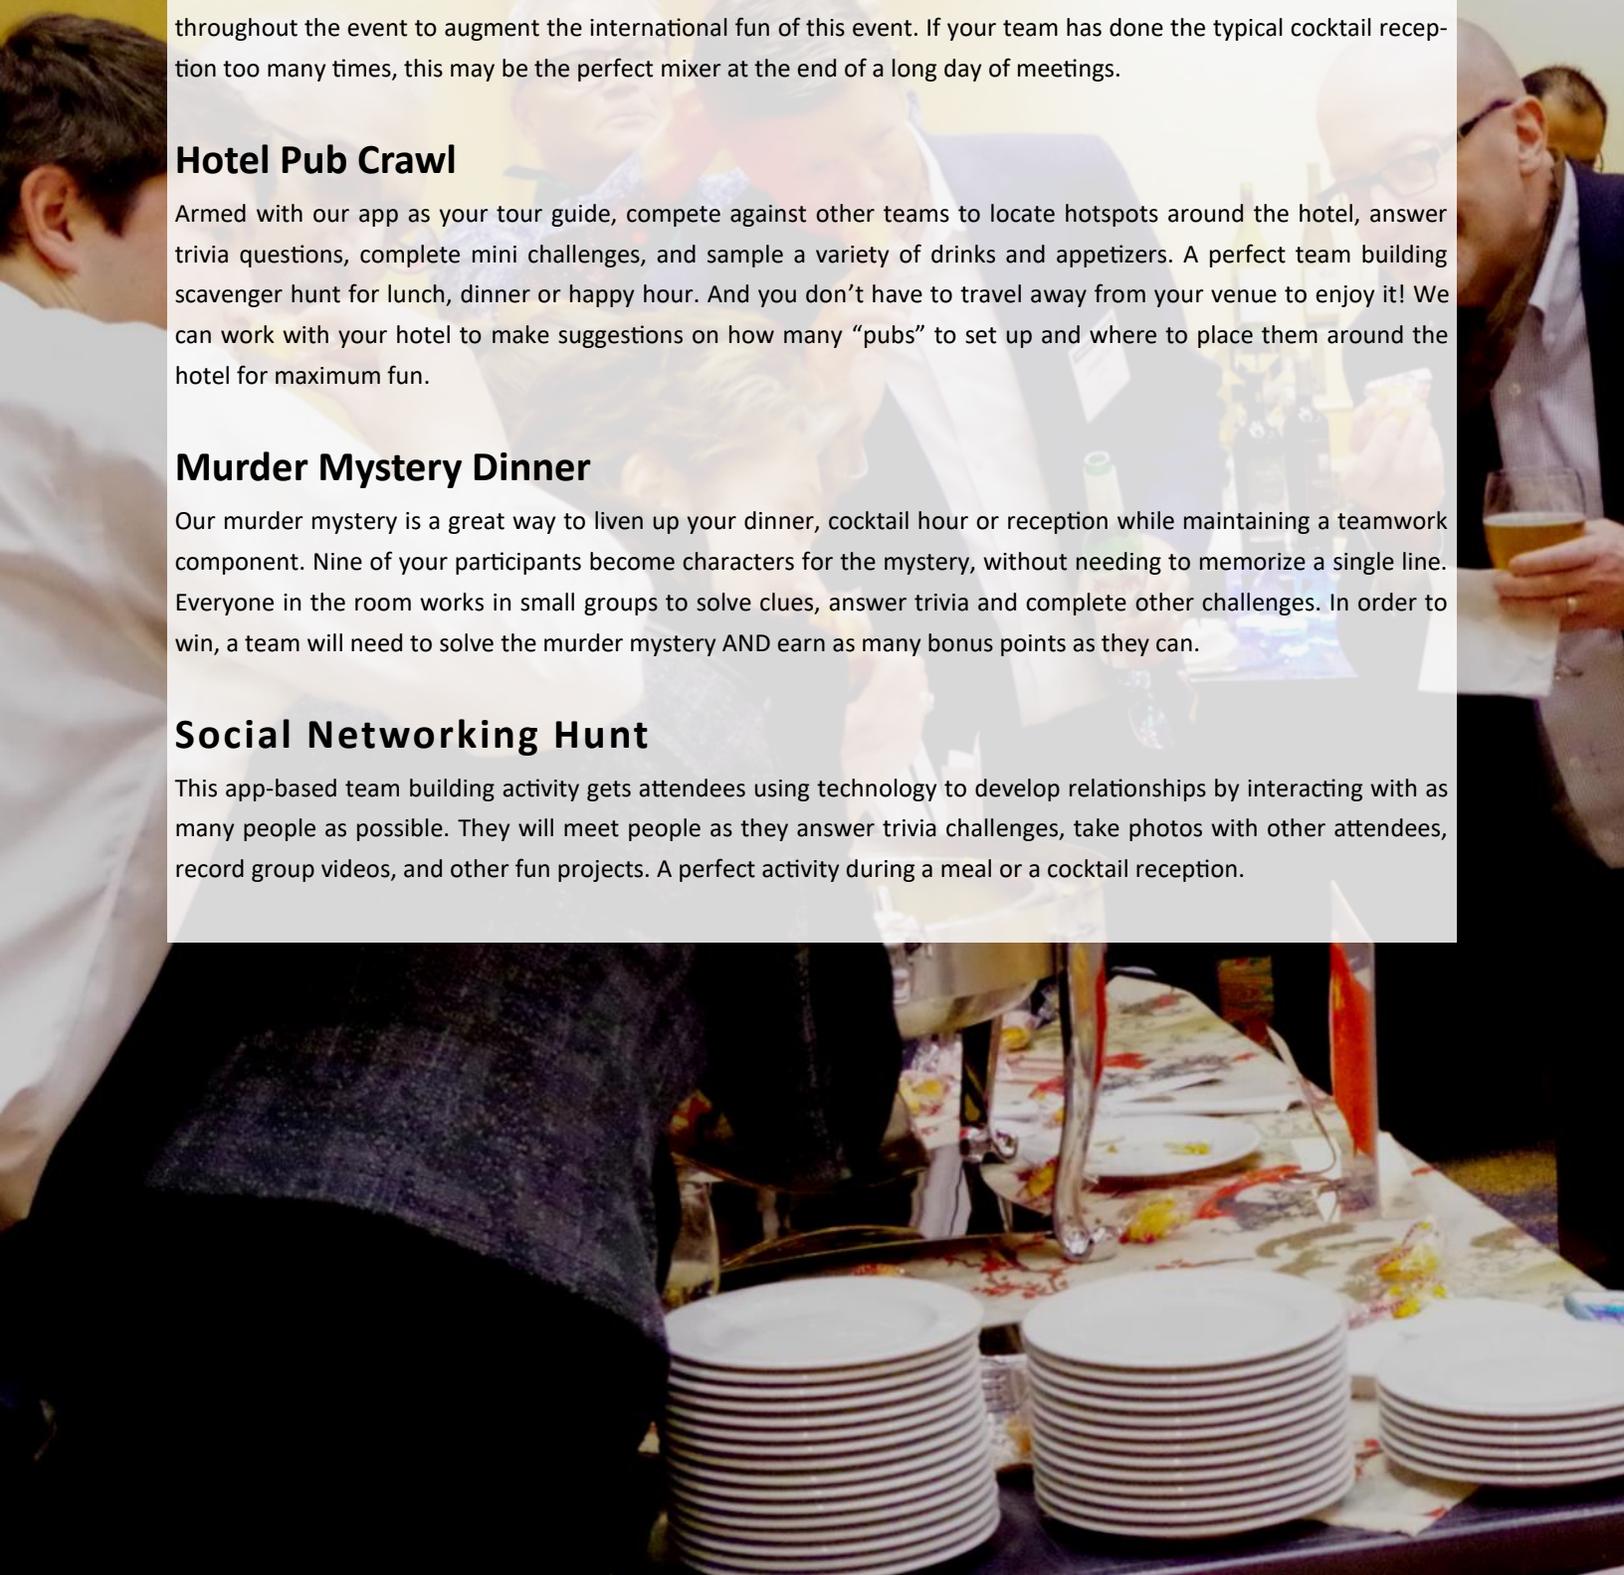

Armed with our app as your tour guide, compete against other teams to locate hotspots around the hotel, answer trivia questions, complete mini challenges, and sample a variety of drinks and appetizers. A perfect team building scavenger hunt for lunch, dinner or happy hour. And you don't have to travel away from your venue to enjoy it! We can work with your hotel to make suggestions on how many “pubs” to set up and where to place them around the hotel for maximum fun.

Murder Mystery Dinner

Our murder mystery is a great way to liven up your dinner, cocktail hour or reception while maintaining a teamwork component. Nine of your participants become characters for the mystery, without needing to memorize a single line. Everyone in the room works in small groups to solve clues, answer trivia and complete other challenges. In order to win, a team will need to solve the murder mystery AND earn as many bonus points as they can.

Social Networking Hunt

This app-based team building activity gets attendees using technology to develop relationships by interacting with as many people as possible. They will meet people as they answer trivia challenges, take photos with other attendees, record group videos, and other fun projects. A perfect activity during a meal or a cocktail reception.

CHARITABLE GIVING EVENTS

Toy Raiders

Teams think their way through the archeological site of an ancient temple to obtain the parts for a child's toy. The challenges are a combination of proven tabletop problem-solving initiatives and mental challenges that will help your team identify optimum teamwork skills. At the end of the charity team building, each team will assemble their toy and get it ready to donate. The goal of donating a toy is a great metaphor for staying focused on the big picture.

Some Assembly Required

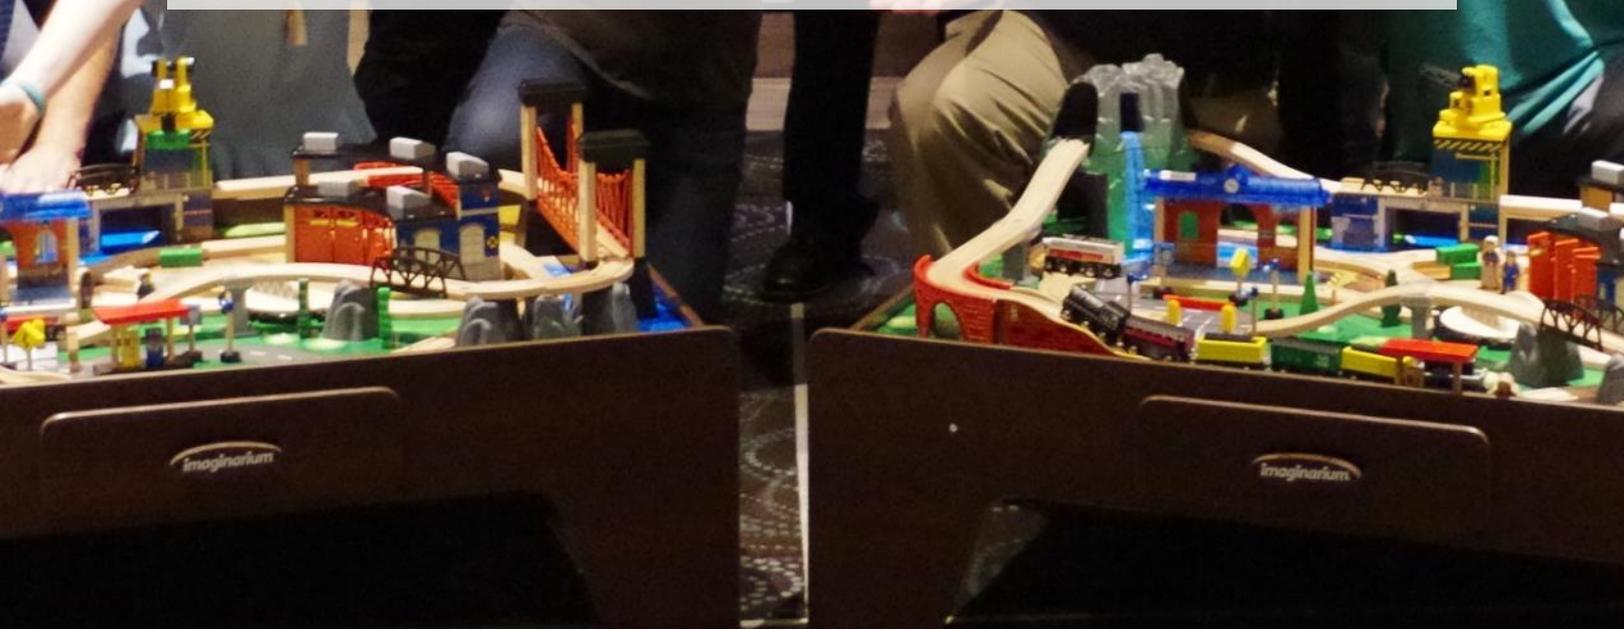

Teams of 5-11 people construct a project that will be donated to a local children's charity. Teams must organize the different functions of engineering, inventory, and assembly, while dealing with different restrictions on their communication and departmental movements. This program effectively merges teamwork skills and breaking down silos in the workplace with a meaningful charity team building event.

Charity Networking

Participants work through a series of challenges to earn donation items. Each table fill a gift bag or back pack to be donated to a local charity. Between each challenge, the group is completely reformed into new teams, giving participants a chance to work with a wide variety of people, and reinforcing the teamwork and soft skills needed to hit the ground running with a new work group.

Giving Game Show

This lively game show team building competition gets groups thinking, laughing, and contributing with fun team bonding activities. Teams start the program by selecting what life-changing charity project they are playing to support from a short list. Players then work together with their team to earn as many points as possible in rounds of trivia, brainteasers, and hands-on challenges. A fun team building that keeps everyone involved.
